DETAILED ACTION

Claim Rejections - 35 USC § 102

The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 1, 8 & 18 are rejected under 35 U.S.C. 102(b) as being anticipated by Hernandez et al. (US Patent No. 6,182,460). Hernandez discloses an air conditioner having an indoor section and an outdoor section and comprising: an air conditioner unit (10), an indoor section (12), and outdoor section (14), a rectangular housing (16), an indoor grille section (18) with inlet louvers (19), an air discharge assembly (20), a metal partition (26), an evaporator coil (28), indoor fan (30) located behind said evaporator, an air directing scroll (29), a condenser coil (32) and the air conditioner is assembled in two major a subassemblies.

Allowable Subject Matter

Claim 19 is allowed over the prior art of record.

Claims 2-7 & 9-17 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.
